Happy 8th
Angel Day Lynli

Aug 18, 2003
Happy 9th Angel Day to my
Jakob and Jeneh

8 was suppose to be such a big year with all those special events to look forward to. Time brings peace and I know we have you, Jake, Jeneh, Trey and Deke forever. Love and Miss you to the Moon and back.

They say time has a way of healing, but I still ache to hold you and to see what life would be like with you two and Lynli. I think time has a way of bringing peace more then anything else. Love and Miss you to the Moon and back.

Love forever and ever Mom, Dad and little sister Shayli

Happy Birthday to our Addelyn!

You would be getting so big by now! I can't believe it's been four years. In some ways it seems like it's been forever. We often wonder what you would look like and what kind of little personality you would have. We love you and miss you everyday and ache to hold you again.

Happy Birthday Angel!
Love, Mom, Dad,
Spencer, Preston & Lauryn

Inspirational Messages

Angels are Forever

We were chosen to become the family of a very special child.
Who would come to earth from Heaven and visit for a while.
There are mothers who give birth to babies, too good for this world of men.
They touch our lives for a moment, then travel Home again.
This was to become our destiny. And, Why? We need not know.
For a parents greatest gift is to nurture and love a child with a perfect soul.
Our baby was born an Angel and stopped to pause this way,
Blessing us with sunshine, as we thanked the Lord each day.
Our child was like a ray of perfection and could not journey long,
The source of power being God Himself, quietly called our Angel Home.
As we walk in Springtime meadows, with nature posing all around,
We see the beauty of our little one in every sight and sound.
Whenever I gaze at this beautiful world, or look at a blue sky above,
I know that Angels are Forever
Warming our hearts with their light and love.

Tiny Footprints

“These are my footprints,
so perfect and so small.
These tiny footprints
never touched the ground at all.

Not one tiny footprint,
for now I have wings.
These tiny footprints were
meant for other things.

You will hear my tiny
footprints,
in the patter of the rain.
Gentle drops like angel's tears,
of joy and not from pain.

You will see my tiny footprints,
in each butterflies' lazy dance.
I'll let you know I'm with you,
if you just give me the chance.

You will see my tiny footprints,
in the rustle of the leaves.
I will whisper names into the
wind, and call each one that
grieves.

Most of all, these tiny footprints,
are found on Mommy and
Daddy's hearts.
‘Cause even though I'm gone
now, We'll never truly part.” 6
